

The map illustrates the Sacramento-San Joaquin River Delta region. Key features include:

- Water Bodies:** The Sacramento River flows from the north, and the San Joaquin River flows from the south. The Delta is the central area where these rivers meet.
- Urban Areas:** Sacramento is located in the north, and San Joaquin is in the south.
- Highways:**
  - Interstate 5 (I-5) runs north-south through the center.
  - State Route 20 runs east-west across the middle.
  - State Route 99 runs north-south on the western side.
  - State Route 34 runs east-west at the bottom.
- Proposed Tunnel:** An orange line with arrows indicates the route of the Sacramento-San Joaquin River Delta Water Tunnel, starting from the Sacramento River and extending south towards the San Joaquin River.
